

100G High-Speed DAC Cable for Export

Overview

Product Overview: The 100G QSFP28 Passive Direct Attach Copper (DAC) Twinax Cable is designed to provide a highly reliable, cost-effective, and energy-efficient solution for short-range, high-speed data communication and interconnect applications. Designed to deliver exceptional speed and reliability, these cables support 100 Gigabit. End-to-end design, manufacturing, and supply-chain orchestration for assemblies—from simple box builds to complex, fully wired electrical cabinets—delivered to spec and certified for any environment. With our technological expertise and advanced manufacturing capabilities, you can save on R&D costs. FS 100G DAC/AOC cable, passive/active DAC from 0. Get your 100G direct attach cables from nearby warehouses. Constructed with twinax copper and integrated QSFP connectors, these plug-and-play assemblies remove the need. Enhance your data center's connectivity with the 100G DAC Cable.

Article Content

100G QSFP28 Passive DAC Cables 1m 2m 3m 5m

Designed to deliver exceptional speed and reliability, these cables support 100 Gigabit Ethernet (100GbE) and 100G InfiniBand protocols, ensuring optimal data

DAC Cables | 100G High-Speed Connectivity

Unlock 100G performance with BizLink's DAC cables. Our direct attach cable solutions, including QSFP28, ensure low loss & high-speed data for demanding data centers.

100G DAC/AOC | FS Cables

Get your 100G direct attach cables from nearby warehouses. 30-Day Free Return. Trusted by 260K+ Enterprise Users.

100G QSFP28 DAC Cables | Direct & Breakout | Up to 5m

With standard lengths up to 5 m (16 ft), NS 100G DACs are ideal for in-rack or rack-to-rack deployments. They offer ultra-low latency, near-zero power consumption,

100G DAC Cable 1m QSFP28 Male to Male - TRINCOS

Enhance your data center's connectivity with the 100G DAC Cable. This 1-meter cable features QSFP28 Male to Male connectors, allowing for high-speed data transfer in InfiniBand applications.

100G DAC Cable | QSFP28 Direct Attach Copper Cable

A 100G QSFP28 DAC cable enables ultra-low latency and high bandwidth connectivity using QSFP28 interfaces. It reduces power consumption and is ideal

100G QSFP28 Passive DAC Twinax Cable

Product Overview: The 100G QSFP28 Passive Direct Attach Copper (DAC) Twinax Cable is designed to provide a highly reliable, cost-effective, and energy-efficient solution for short-range, high-speed data

QSFP28 100G DAC Cable 2m

This passive copper cable offers reliable data transfer at speeds of up to 100 Gbps over a distance of 2m. Our range of DAC 100G cables also includes cables with lengths from 1m to 5m. The Direct

3M™ 100G QSFP28 Direct Attach Copper Cable

Passive copper DAC cable assemblies feature foldable, flexible twinax cable that can be folded back on itself for environments where space is limited. The

QSFP28 100G DAC Cable 3m

The 100G QSFP28 3m DAC cable is an efficient and cost-effective solution for short-distance data transmission. It is ideal for use in modern data centers and server rooms. This passive copper cable

100G DAC Cable | QSFP28 Direct Attach Copper Cable

A 100G DAC cable is a high-speed Direct Attach Copper cable designed to support 100 Gigabit Ethernet connections. It is widely used in data centers and enterprise networks for short-reach interconnects

Get reliable 100G QSFP28 cables from US stock with ...

These are the fastest cables available for QSFP28 format, reaching up to 28G per channel (112G aggregate). Both passive copper DAC and fiber active AOC cables are available. Such cables are

100G Passive High-Speed Cable (DAC) Selection Guide

Introduction The 100G Passive Direct Attach Cable (DAC) is a key component for building efficient and cost-effective network interconnections. To help you achieve stable and reliable 100G connectivity

10G SFP+ AOC Cable OM3 10GBASE Active Optical SFP Cable High Speed ...

High-Speed 10G Performance This 10G SFP+ AOC Cable is designed for stable 10Gbps data transmission over OM3 multimode fiber. It delivers low latency and high bandwidth, ideal for data

100G QSFP28 Passive Direct Attach Copper Cable

The high-speed cable assemblies not only meet but exceed the industry standards for 100 Gigabit Ethernet and InfiniBand EDR, ensuring exceptional performance and reliability. Compliant with SFF

Direct Attach Copper (DAC) Cables

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

ITPro Today, Network Computing, IoT World Today combine

Together, we are committed to delivering the same high-quality content and insights that have been the hallmark of ITPro Today, Network Computing, and IoT World Today.

100G QSFP28 DAC Passive Direct Attach Copper

TARLUZ 100G QSFP28 passive copper cable is a high-speed, cost-effective, 100Gb/s Ethernet connectivity solution designed to meet the growing needs for
