

24-circuit household distribution box cover

Mesh door/glass door optional

Sp-601 glass door

Sp-602 mesh door

Overview

These IP67 transparent covers designed to fit a wide range of circuit breaker boxes, including 2, 4, 6, 8, 10, 12, 13, 16, 18, and 24-position configurations, with an 86 type option.

Key Takeaways

A 24-circuit distribution box cover is available in both transparent waterproof designs and standard indoor replacement panels, offering protection, visibility, and compatibility with household breaker boxes. Options for 24-Circuit Covers1. Transparent Waterproof Covers These covers are designed for both indoor and outdoor use, providing dustproof and waterproof protection while allowing you to read the panel without opening it.

They often feature a buckle design to enhance safety and prevent accidental electric shock, and may include built-in guide rails for easy installation of circuit breakers. Such covers are suitable for homes, factories, shopping malls, and other locations requiring reliable electrical protection. 2.

Standard Indoor Replacement Covers For indoor panels, brands like Square D Homeline offer 24-space replacement covers made of durable materials suitable for household load centers. These covers are designed to fit specific panel models, ensuring a secure and safe installation. They are typically easy to install with basic tools and provide a clean, finished look for your electrical panel.

Key Features to Consider

Material: Polycarbonate or metal for durability and impact resistance. **Transparency:** Allows inspection without opening the panel. **Waterproof Rating:** IP65–IP67 for outdoor or moisture-prone areas.

Safety Design: Buckle or latch mechanisms to prevent accidental contact.

Compatibility: Ensure the cover matches your panel brand and 24-circuit configuration.

Where to Buy

Online Retailers: Amazon offers a variety of circuit breaker box covers with different styles and protective features. **Home Improvement Stores:** Home Depot and Lowe's carry both standard and specialty covers for 24-circuit panels. **Specialty Suppliers:** Manufacturers like China Daier provide IP67-rated transparent covers for 2–24 position panels.

Choosing the right cover depends on whether you need indoor aesthetic replacement or robust outdoor protection. Transparent waterproof covers are ideal for visibility and environmental protection, while standard indoor covers are suitable for typical household panels.
