How much does galvanized cable tray cost in Anse

Overview

Cable Tray Price List | Electrical Works The cable tray price list are for hot dip galvanized ladder type cable tray. The price is based on standard length.

Key Takeaways

Hot-dip galvanized cable trays typically cost between ₹125 to ₹330 per meter, depending on type, size, and supplier.

Estimated Pricing

Standard Ladder-

Type Cable Tray (2. 4 meters): Prices vary based on supplier and specifications, but a typical hot-dip galvanized ladder tray costs around ₹125 per meter, which translates to approximately ₹300 for a 2. 4-meter section.

Perforated Cable Tray (300 mm width): In some regions, perforated GI trays are priced around ₹330 per meter. Small Sections or Fittings: Accessories and fittings are usually priced per piece, with costs depending on size and complexity.

Factors Affecting Cost

Material and Galvanization: Hot-dip galvanizing ensures corrosion resistance, especially for outdoor or humid environments. Thicker zinc coatings (≥80 µm) may increase cost. Tray Type and Dimensions: Ladder, perforated, solid-bottom, or wire mesh trays have different load capacities and manufacturing costs.

Supplier and Location: Local availability, import duties, and shipping to Anse can affect final pricing. Bulk orders often reduce unit cost by 15–30%. Compliance and Quality: Trays meeting ISO 1461, ASTM A123, or local electrical codes may be slightly more expensive but ensure durability and safety.

Practical Advice

Compare suppliers for unit price, delivery, and warranty. Consider total cost of ownership, including installation, maintenance, and replacement frequency. For large projects, request bulk pricing and technical consultation to optimize cost and performance.

In summary, for Anse, you can expect hot-dip galvanized cable trays to cost roughly ₹125–₹330 per meter, with variations depending on type, size, and supplier. Planning for fittings, shipping, and compliance requirements will help ensure accurate budgeting.
