

Industrial-grade ring network managed switches

Overview

Extreme Industrial Switches are an excellent choice for industrial environments, including intelligent transportation systems, utilities, and smart cities.

Article Content

Industrial Ethernet Switch

Our range includes unmanaged, PoE, Lite-Managed, and Layer 2/3 managed switches that help support secure communication, better network control, and resilient infrastructure across industrial

Industrial Switches (ISW) | Extreme Networks

Extreme Industrial Switches are an excellent choice for industrial environments, including intelligent transportation systems, utilities, and smart cities. Full redundant ring technology creates fault-

Industrial Ethernet Switches

Compact, lightly managed fixed switches. Available in all-copper, all-fiber, or mixed-port configurations, these switches are versatile for both access and distribution and can be stacked for simplified scaling.

Ethernet Switches

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to

Layer 3 Managed Switches

Moxa's Layer 3 managed switches feature industrial-grade reliability, multicast availability, and security enhancements based on the IEC 62443 standard. We offer toughened industry-specific products with

Durable Industrial Switches

With Gigabit Ethernet, rapid failover, powerful security, and certifications for vibration, shock, and free-fall, these rugged switches protect your network.

IES-3080, Industrial 8-port Managed Ethernet Switch,

IES-3080 / IES-3062 series are managed Redundant Ring Ethernet switches with 6x10/100Base-T (X) and 2x10/100Base-T (X), 100Base-FX,

TSN-6325-8T4S4X

It incorporates advanced ITU-T G.8032 ERPS (Ethernet Ring Protection Switching) technology, Spanning Tree Protocol (802.1s MSTP), and redundant power input system into customer's industrial

Industrial Ring Networks | ERPS | Antaira Technologies

The Ethernet Ring Protection Switching (ERPS) protocol is a powerful technology and service that can be used on industrial switches to ensure high network availability and prevent network downtime.

TSN-6325-8T4S4X

Innovative Industrial TSN Ethernet Switch Guaranty Delivery of Time-Sensitive Data
PLANET TSN-6325-8T4S4X is a brand-new Industrial-grade Layer 3 Time-Sensitive Networking (TSN) Managed

Guide to implementing Industrial Grade Switches

Reliability: Industrial switches are built to ensure uninterrupted network connectivity, minimizing downtime and maximizing productivity. They

Managed Redundant Ethernet Switch

The TC3340 Redundant Gigabit Ethernet Switch Substation is a rugged, cost-effective networking solution for both industrial and commercial fiber networks. It offers a wide range of advanced

Managed Ethernet Switches

Advantech's managed Ethernet switches allow users to expand their industrial network quickly and efficiently, while their rugged industrial-grade design assures reliability and stability. Our managed

Industrial Managed Redundant Ethernet Switches, Rugged Ethernet ...

Managed Switches Advantech EKI managed switches provide simplicity, flexibility and security for industrial networks. Advantech "X-Ring" technology offers the fastest self-healing Ethernet

home > product> solutions > industrial ethernet switch & fiber switch ...

Cyber-Ring self-healing Ethernet technology is a proprietary developed by ICP DAS that can be used to help establish industrial-grade Ethernet with high reliability and fault-tolerance capabilities, and can

Durable Industrial Switches

D-Link's Industrial Switches have industrial-grade resilience to maintain your network uptime despite extreme hot and cold temperature variances. With

Unmanaged Industrial Ethernet Switches | Rugged DIN Rail Switch

Unmanaged Industrial Ethernet Switches Compact DIN Rail Switches Industrial-grade Unmanaged Switches are "plug & play" devices specifically designed to connect equipment in network

Industrial 8 Ports L2 Managed Gigabit PoE Fiber Switch with 4

Industrial 8 Ports L2 Managed Gigabit PoE Fiber Switch with 4 1000Base-X SFP Slots Layer 2+ Web Management Din Rail Network Switch 802.3at 30W Support QOS, VLAN, Ring Network, IGMP 48
