Instruction Sheet 860380690 Issue 4, February 2014 Uniprise® Solutions [www. com](http://www.com) Optical Cable Entry Facility (OCEF) Installation Instructions General The Optical Cable Entry Facility (OCEF) cabinet stores optical fiber splices between incoming outside plant (OSP) cables and building. Fiber optic cables facilitate high-speed connectivity with significant advantages over copper wires, such as faster data transmission, greater bandwidth, and better security; single-mode fibers are ideal for long distances, while multi-mode fibers suit short-range communications. A well-installed rack helps your equipment run better, stay cool, and remain easy to manage.
