

Suriname Spectrometer Manufacturer

Overview

Spectrophotometer In Suriname | Spectrophotometer Manufacturers We stand amidst the trusted Spectrophotometer manufacturers in Suriname, ensuring precision.

Key Takeaways

Suriname offers a range of spectrometer brands from local manufacturers like Laboid International and Aditya Systems (LADA) to international suppliers such as Galaxy Scientific, Spectro Scientific, and Kratos Analytical.

Local Manufacturers and Suppliers

Laboid International is a prominent Suriname-based manufacturer and exporter of spectrophotometers and spectrometers. They provide precision laboratory instruments for research, industrial applications, and clinical diagnostics, emphasizing reliability, user-friendly interfaces, and durable construction. Their product range includes spectrophotometers, laboratory centrifuges, microscopes, and other analytical instruments, all designed to meet stringent industry standards.

Aditya Systems, operating under the brand LADA, is another trusted local supplier of spectrometers in Suriname. They focus on high-quality, customizable spectrometer solutions at competitive prices, offering reliable performance and round-the-clock customer support. Their instruments are manufactured using advanced technology and high-grade materials, ensuring long-term durability and precision.

International Brands Serving Suriname

Several international companies provide spectrometer solutions to Suriname, catering to specialized laboratory and industrial needs: Galaxy Scientific: Known for portable optical Near Infrared (NIR) spectrometers, ideal for chemical analysis and authentication. Spectro Scientific: Offers a broad range of fluid analysis instruments for field, lab, and handheld applications. Xenometrix Ltd.: Specializes in Energy-Dispersive X-Ray Fluorescence (EDXRF) spectrometers for cost-effective elemental analysis.

Belec: Produces optical emission spectrometers for metal analysis, with a long-standing reputation in precision engineering.

MIDA

C Corporation: Develops Fourier Transform Infrared (FTIR) spectrometers for research and industrial applications. Kratos Analytical: Offers advanced photoelectron spectrometers and MALDI-ToF instruments for surface and biochemical analysis. Choosing a Spectrometer in Suriname When selecting a spectrometer, consider the following: Application: Determine whether you need NIR, FTIR, EDXRF, or other types based on your analytical requirements.

Local Support: Local suppliers like Laboid International and Aditya Systems provide installation, maintenance, and customer support. Budget and Customization: International brands may offer specialized features, while local manufacturers often provide cost-effective, customizable solutions. Reliability and Certification: Look for ISO-certified instruments or those with proven performance in similar applications.

By combining local expertise with international technology, Suriname offers a diverse selection of spectrometer brands suitable for research, industrial, and clinical laboratories.

Article Content

Spectrophotometer In Suriname | Spectrophotometer Manufacturers

We stand amidst the trusted Spectrophotometer manufacturers in Suriname, ensuring precision, durability, and performance. Our state-of-the-art manufacturing facilities are equipped with the latest

Spectrometer in Suriname, Spectrometer Manufacturers Suppliers

Our products are manufactured using high-grade materials and advanced technology, which ensure their reliability and hassle-free working. Counted among the top-notch Spectrometer Exporters and

Visible Spectrophotometer In Suriname

We stand amidst the trusted Visible Spectrophotometer manufacturers in Suriname, ensuring precision, durability, and performance. Our state-of-the-art manufacturing facilities are equipped with the latest

spectrometers Companies and Suppliers serving Suriname | ...

Applied Rigaku Technologies, Inc., a division of Rigaku Corporation, engineers, manufactures and distributes Rigaku EDXRF products worldwide. Located in Cedar Park, Texas, USA, our company

Digital Visible Spectrophotometer Manufacturers In Suriname,

We are a pioneer Digital Visible Spectrophotometer Exporters and Suppliers in Suriname. Our dedicated customer support team is always available to assist with any inquiries, providing a seamless

Medistro N.V.

Medistro N.V. aims to improve the quality and efficiency of health care processes in Suriname. We intend to achieve our aim by offering high-quality products that perform accurately and are supported

XPS Surface Analysis Instruments | Kratos Analytical

Kratos Analytical: Leading surface analysis We have over 50 years of experience in designing, manufacturing and supporting X-ray photoelectron spectrometers and associated surface analysis

Filab Suriname

Since its creation by end of 2007, FILAB SURINAME is constantly growing. Through an audacious development strategy, based on innovation and investment in the latest technology, FILAB

ftir spectrometers Companies and Suppliers serving Suriname ...

We design and manufacture world-class gas analysis systems and emission monitoring solutions to measure gaseous emissions from industrial processes, gases released from natural sources into the

fiber optic spectrometers Manufacturers with 11-100 employees ...

McPherson is a manufacturer of scientific instruments, with over 60 years'' of experience. We specialize in high performance spectrometers and purpose built spectroscopy systems.

Suriname Spectrometer Market | Trends, Forecast & Share 2032

Suriname Spectrometer Market analyzes trade dynamics and import-export trends, highlighting key players, pricing strategies, and regional demand shifts impacting growth.

fiber optics spectrometers Companies near Suriname

Harrick Scientific is a leading manufacturer of optics and accessories for IR-UV-Vis spectroscopy. For over 40 years, we have provided innovative instrumentation to leading laboratories throughout the

Tropical Trade & Industries N.V. – Tropical Group N.V.

Tropical Trade & Industries N.V., manufacturer of food and pharmaceutical products, was established in Paramaribo, Suriname in 2001 with the aim to manufacture high quality food and pharmaceutical

analytical-instrumentation-industry Companies serving Suriname

OPCO Laboratory, Inc. manufacturer, for your most demanding optical requirements. We manufacture custom lenses, mirrors, gratings and optical assemblies for spectroscopy markets worldwide.

ft-ir-spectroscopy Companies and Suppliers serving Suriname ...

Harrick Scientific is a leading manufacturer of optics and accessories for IR-UV-Vis spectroscopy. For over 40 years, we have provided innovative instrumentation to leading laboratories throughout the

Suriname+Optical+Fiber+Chromatograph+Manufacturer

30 Companies and suppliers for

Suriname+Optical+Fiber+Chromatograph+Manufacturer Find wholesalers and contact them directly Leading B2B marketplace Find companies now!

Suriname Spectrometry Market (2025-2031) | Growth & Value

Suriname Spectrometry Market: Top 5 Importing Countries and Market Competition (HHI) Analysis Suriname spectrometry import market saw a notable shift in 2024, with the top exporting countries

fourier-transform-infrared-ftir-spectrophotometer Companies ...

Shimadzu - Model IRTracer-100 - Fourier Transform Infrared (FTIR) Spectrophotometer The high-end IRTracer-100 FourierTransformInfrared (FTIR) spectrometer is your answer to the the need for
