

What are some outdoor server rack manufacturers in Singapore

Overview

Explore our range of server racks in Singapore including enclosed server racks with cooling, 42U server racks, and Power Distribution Units, and experience the perfect synergy of form and function.

Key Takeaways

Sunny Metal Engineering, Cybermax, SJ Manufacturing, and Datacom are among the top providers of outdoor server racks in Singapore, offering durable, weather-resistant, and customizable solutions.

Sunny Metal Engineering

Sunny Metal specializes in rugged, outdoor-ready server enclosures suitable for mobile command centers, military deployments, field broadcasting, and remote data centers. Their Vehicle Mount Rack 18U features a 19" anti-vibration frame, durable weather-resistant coating, built-in fan ventilation, and 9-way PDU, making it ideal for harsh outdoor conditions. They offer custom IP-rated and EMC-compliant enclosures with in-house capabilities for laser cutting, welding, stamping, and powder coating, ensuring precision-engineered solutions for mission-critical deployments.

Cybermax

Cybermax provides a wide range of enclosed server racks with cooling technology, including 42U racks and power distribution units. While primarily focused on indoor IT infrastructure, their enclosures are designed for reliability and efficient cooling, which can be adapted for semi-outdoor or sheltered outdoor environments. Cybermax emphasizes ergonomic design, space optimization, and international standards compliance, making them a trusted choice for businesses seeking scalable IT solutions.

SJ Manufacturing

Established in 1982, SJ Manufacturing is a leading Singapore-based manufacturer of outdoor IP55 aluminium enclosures and 19" networking/server racks. They specialize in customized outdoor metal and aluminium enclosures, modular command consoles, and other rugged solutions suitable for industrial and outdoor applications. Their expertise includes design, fabrication, and integration, ensuring that outdoor server racks meet specific environmental and operational requirements.

Datacom

Datacom Enterprise offers high-quality, durable server racks in Singapore, including 42U and network server racks. They provide customizable options to meet organizational needs, focusing on space efficiency and robust construction. While their primary offerings are for data centers, their racks can be adapted for outdoor use with proper environmental protection measures.

Summary

For outdoor server rack solutions in Singapore, Sunny Metal Engineering is the most specialized for rugged, weather-resistant applications.

S

J Manufacturing also provides highly customizable outdoor enclosures. Cybermax and Datacom offer reliable, high-quality racks that can be adapted for semi-outdoor or controlled outdoor environments. When selecting a provider, consider IP rating, cooling, anti-vibration features, and customization options to ensure optimal performance in outdoor conditions.
